Gothic

v0.3

The background of the image is a dark, textured surface featuring intricate stone carvings in a Gothic typeface. The carvings are arranged in several horizontal lines, with some characters appearing to be part of a larger inscription. The lighting is dramatic, highlighting the relief of the carvings against the dark background.

Lang Gothic began as Lang, a typeface derived from 19th-century stone carvings. Lang Gothic offers a simplified structure for both paired and standalone usage.
